We love your feedback!

While there is a general outline to Roundtables, they are intended to provide support, training, and connections for Scout Leaders, whether new to Scouting or experienced and looking for new ideas. As such, we would love to hear from you. Whether you are interested in connecting with

others to co-plan ideas, are looking to schedule a local training as you have a conflict with the scheduled district training, or need ideas to recruit new scouts and leaders, please let us know. We will work to integrate these needs into future Roundtables or work with leaders to meet with you and provide guidance.

Re-Chartering

Packets for re-chartering will be handed out at the October Roundtable. District Commissioners will be on hand at the November Roundtable to assist with re-chartering.

Veteran’s Day Parade

Every year the Boy Scouts of Vermont host a Veteran’s Day Parade to honor those who have and are serving in our armed forces, local fire stations, rescue, and local government. This year’s parade will be held in Hartford, VT. Visit the Green Mountain Council website home page for more information.
