

Drivers dropping off trailers and gear please follow the blue arrows. It is important that gear and trailers be dropped off in a timely manner and then all vehicles need to be moved onto the track.

Vehicles that are bringing Scouts but no gear and staying for the event, please follow the red arrows and park on the track.

No vehicles can be left in the camping area unless there is a medical necessity (handicap etc.)

Vehicles dropping off Scouts but not staying will need to park in the R.A.H.A. parking area (\*\*) and the Scouts can walk in.
